“Meet the Expert”

Extended experience in Total Knee Arthroplasty (TKA) with JOURNEY™ II BCS

Preliminary programme

Invited faculty: Dr Yves Grange (FR)

Expert Connect Centre (ECC), Watford, United Kingdom

15 - 16 March 2018
Description

This extended mini-lab activity focuses on Total Knee Replacement (TKA) with the JOURNEY® II BCS system. “Meet the Expert” extended experience course will enable greater HCP interaction with the faculty, providing a more comprehensive learning experience on the day. HCPs will learn about the philosophy and specifics of JOURNEY® II BCS and CR. They will practice with the instrumentation during the wet laboratory sessions and be taught how to apply these surgical principles, gestures and procedures in their own practice safely and effectively.

The first session consists of lectures related to surgical technique and implant specific design and philosophy. In the second session, the faculty will perform a live demonstration surgery in the laboratory with the JOURNEY® II BCS system; participants will then have the ability to interact with the faculty and will have the opportunity to practice in the laboratory under the supervision of a skilled and very experienced faculty instructor.

Invited faculty

Dr Yves Grange
Clinique Herbert
Aix-les-Bains, France

Smith & Nephew speaker

Ronny De Corte
Smith & Nephew
Knee Franchise, Europe and Canada
Learning objectives

By attending this programme, participants will learn how to:

- Select appropriate patients for the procedure and formulate a pre-operative plan
- Brief the surgical team and position the patient appropriately
- Select and use instrumentation safely and correctly
- Expose the joint using the correct approach and surgical technique
- Increase knowledge of conventional TKA motion and kinematics
- Gain in-depth understanding of the JOURNEY™ II design objectives

Participant profile

- Experienced HCPs in practice for at least 3 years, undertaking a certain number of TKA a year
- HCP should have a prior understanding of JOURNEY™ II prosthetic system
- HCPs wish to gain a full understanding of the surgical use of JOURNEY™ II BCS in practising and exchanging tips and tricks with skilled and experienced peer
- The course will be held in English, requiring a good level of competency in this language
