* NOTE: Cadexomer Iodine is: “2-Hydroxymethylene Cross-linked (1-4)-alpha-D-glucan carboxymethyl ether physically containing iodine”.

Date of Issue: 24 April 2013
SECTION 4 – FIRST AID MEASURES

Swallowed
Rinse mouth with water. Do not induce vomiting unless directed to do so by medical personnel.

Eye
Rinse the eye with water. Repeat until effects stop.
Seek medical attention if effects persist.

Skin
Wash thoroughly with soap and water.

Inhaled
Remove to fresh air.

First-Aid Facilities
Eyewash plus normal washroom facilities nearby.

Advice to Doctor
Treat symptomatically.
Refer to Product Information.

SECTION 5 – FIRE FIGHTING MEASURES

Hazards From Combustion Products
None identified.

Suitable Extinguishing Media
Water spray, carbon dioxide, dry chemicals or foam.

Fire-fighting Procedures
Wear self-contained breathing apparatus where large quantities of dressing sachets, ointment tubes or powder sachets are burning.

Hazchem Code
Not applicable.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Spill / Leak Procedures
Only very small amounts may be spilled. Wipe up with absorbent material and place in a container for disposal. Wash down the area with water. Flush to sewer.

SECTION 7 – HANDLING AND STORAGE

Handling Advice
Refer to instructions for use provided with product.

Storage Advice
Store in cool (<25°C), dry, well-ventilated area away from strong oxidising agents.

MATERIAL SAFETY DATA SHEET

IODOSORB

SECTION 10 – STABILITY AND REACTIVITY

Stability
Stable.

Conditions to Avoid
Naked flames and ignition sources.

Incompatible Materials
Avoid contact with strong oxidizing agents. Contains iodine which can leave the product especially when heated over 45°C. Reacts violently with acetaldehyde, sulphur and metal powders when heated. Iodine reacts explosively with ammonia and acetylene.

Hazardous Decomposition Products
None identified.

Hazardous Polymerisation
Will not occur.

SECTION 11 – TOXICOLOGICAL INFORMATION

Acute Effects

Swallowed
*Powder:* The quantity of powder swallowed would be limited to 3g. The iodine released may cause irritation of the mucous membranes.

*Ointment:* May cause abdominal discomfort, headache, nausea and vomiting.

Eye
*Powder:* The powder could contact the eye. May cause irritation due to the iodine released. However, the iodine concentration from dust in the eye will be very low.

*Ointment:* May cause irritation.

Skin
*Dressing, Ointment, Powder:* May cause an allergic reaction in individuals allergic to iodine.

Inhaled
*Powder:* The powder could be inhaled. The large particle size would limit its penetration into the lungs to the upper regions only. The 3g quantity may cause irritation due to the iodine content.

Chronic Effects
Possible reaction to the iodine contained in this product by persons with known or suspected iodine sensitivity. Chronic absorption of iodine may result in Iodism with symptoms of hyper-salivation, sneezing, conjunctivitis, laryngitis, headache, skin rash and gastric upset.

SECTION 12 – ECOLOGICAL INFORMATION

Environmental Issues
No environmental issues expected.

Persistence & Degradability
Not available.

Mobility
Not available.

Date of Issue: 24 April 2013
SECTION 13 – DISPOSAL CONSIDERATIONS

Method of Disposal
In accordance with local waste regulations. May be incinerated in an approved facility. Cleaned packaging may be disposed of as domestic waste. Used dressings may be required to be disposed of in accordance with the local authority’s infectious waste requirements.

SECTION 14 – TRANSPORT INFORMATION

Classification
Not classified as a Dangerous Good according to the Australian Code for Transport of Dangerous Goods by Road and Rail.

UN No.
Not applicable.

Class
Not applicable.

Subsidiary Risk(s)
Not applicable.

Packing Group
Not applicable.

Hazchem Code
Not applicable.

Shipping Name
Not applicable.

Other
Not applicable.

SECTION 15 – REGULATORY INFORMATION

Poison Schedule
Not a Scheduled Poison.

SECTION 16 – OTHER INFORMATION

CONTACT POINT : CUSTOMER SERVICE  Telephone: (03) 8540 6777

Date of Issue: 24 April 2013

This MSDS summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this MSDS and consider the information in the context of how the product will be handled and used in the workplace including in conjunction with other products. If clarification or further information is needed to ensure that an appropriate risk assessment can be made, the user should contact this company. Our responsibility for products sold is subject to our standard terms and conditions, a copy of which is sent to our customers and is also available on request.
