SECTION 1 – IDENTIFICATION OF THE MATERIAL AND SUPPLIER

1.1 Product Identifier
Product Identity: SECURA No Sting Barrier Film Spray
Alternate Names: SECURA No Sting Prep Spray
Manufacturer's Product Code: 66800710

1.2 Relevant Identified Uses of the Substance or Mixture and Uses Advised Against
Identified Use: To protect intact and damaged skin from irritation that may arise from urinary and/or fecal incontinence, digestive fluids, fluid draining from wounds and to reduce trauma during adhesive tape or film removal and to provide a substrate for appliance attachment.

1.3 Details of the Supplier of the Safety Data Sheet
Company Name: Smith & Nephew Pty Limited
Address: 85 Waterloo Road, North Ryde, NSW 2113
Telephone No.: Customer Service: (02) 9857 3999
Toll Free (Australia): 13 13 60
Toll Free (New Zealand): 0800 807 663
Emergency Tel. Nos.: 02) 9857 3999 (business hours)

SECTION 2 – HAZARDS IDENTIFICATION

2.1 Classification of the Substance or Mixture
Flam. Liq. 2;H225: Highly Flammable liquid and vapor.

2.2 Label Elements
Exempted from workplace labelling as this product is labelled in accordance with Therapeutic Goods Administration (TGA) requirements and is in a form and package intended for intake or administration to a patient or consumers, or intended for use for therapeutic purposes.

The product is labelled as follows.
SAFETY DATA SHEET

SECURA NO STING BARRIER FILM SPRAY

Pictogram:

Signal Word: Danger

Hazard Statement:
H225 Highly flammable liquid and vapor.

Precautionary Statement:
[Prevention]:
P210 Keep away from heat / sparks / open flames / hot surfaces - No smoking.
P233 Keep container tightly closed.
P241 Use explosion-proof electrical / ventilating / light / equipment.
P242 Use only non-sparking tools.
P243 Take precautionary measures against static discharge.
P280 Wear protective gloves / eye protection / face protection.

[Response]:
P370+378 In case of fire: Use extinguishing media listed in section 5 of SDS for extinction.

[Storage]:
P403+235 Store in a well ventilated place. Keep cool.

[Disposal]:
P501 Dispose of contents / container in accordance with local / national regulations.

The full texts of the phrases are shown in Section 16.
SECTION 4 – FIRST AID MEASURES

4.1 Description of First Aid Measures

General
In all cases of doubt, or when symptoms persist, seek medical attention.
Never give anything by mouth to an unconscious person.

Inhalation
Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

Eyes
Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

Skin
Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.

Ingestion
If swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.

4.2 Most Important Symptoms and Effects, both Acute and Delayed

Overview
Flammable. May cause eye, skin and respiratory tract irritation.

SECTION 5 – FIRE FIGHTING MEASURES

5.1 Extinguishing Media
Extinguishing powder, sand, alcohol-resistant foam, carbon dioxide

5.2 Special Hazards Arising from the Substance or Mixture
Hazardous decomposition: Oxides of Carbon
Keep away from heat / sparks / open flames / hot surfaces - No smoking.
Keep cool.
Use explosion-proof electrical / ventilating / light / equipment.
Use only non-sparking tools.
Take precautionary measures against static discharge.

5.3 Advice for Fire-Fighters
Use self-contained breathing apparatus and wear protective clothing. Cool endangered containers with water spray jet. Suppress gases/vapors/mists with water spray jet.
SECTION 6 – ACCIDENTAL RELEASE MEASURES

6.1 Personal Precautions, Protective Equipment and Emergency Procedures
Put on appropriate personal protective equipment (see section 8).

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.2 Environmental Precautions
Do not allow spills to enter drains or waterways.

6.3 Methods and Material for Containment and Cleaning Up
Isolate area and keep unnecessary personnel away. Pick up with absorbent material (e.g. sand, acid binder, universal binder, sawdust). Send in suitable containers for recover or disposal.

SECTION 7 – HANDLING AND STORAGE

7.1 Precautions for Safe Handling
Vapors can form an explosive mixture with air. Take precautionary measures against static charges. Keep away from sources of heat and ignition. Use explosion-proof equipment/fittings and non-sparking tools. See section 2 for further details. - [Prevention]:

7.2 Conditions for Safe Storage, Including Any Incompatibilities
Handle containers carefully to prevent damage and spillage. Incompatible materials: None
Containers which are opened must be carefully resealed and kept upright to prevent leakage. Always keep in containers of same material as the original one. Keep container tightly closed and dry in a cool, well-ventilated place. Protect from heat and direct sunlight. See section 2 for further details. - [Storage]:

7.3 Specific End Use(s)
No data available

8.2 Exposure Controls
Respiratory If workers are exposed to concentrations above the exposure limit they must use the appropriate, certified respirators.

Eyes Wear safety glasses with side shields.

Skin Wear appropriate clothing for the industrial setting.

Engineering Controls Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:

SDS No. 04 Rev0
Date of Issue: 20 December 2016
Page 5 of 11
SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Colorless Liquid
Odor: Odorless
Odor threshold: Not determined
pH: Not determined
Melting point / freezing point: Not applicable
Initial boiling point and boiling range: 37°C
Flash Point: -1°C
Evaporation rate (Ether = 1): Not determined
Flammability (solid, gas): Not Applicable
Upper/lower flammability or explosive limits:
  Lower Explosive Limit: Not determined
  Upper Explosive Limit: Not determined
Vapor pressure (Pa): Not determined
Vapor Density: 0.76g/cm³
Specific Gravity: Not determined
Solubility in Water: Insoluble
Partition coefficient n-octanol/water (Log Kow): Not Measured
Auto-ignition temperature: Not determined
Decomposition temperature: Not available
Viscosity (cSt): Not available
VOC Content: Not determined

9.2 Other Information
No other relevant information.

SECTION 10 – STABILITY AND REACTIVITY

10.1 Reactivity
Hazardous Polymerization will not occur.

10.2 Chemical Stability
Stable under normal circumstances.

10.3 Possibility of Hazardous Reactions
No data available.
10.4 Conditions to Avoid
None.

10.5 Incompatible Materials
None.

10.6 Hazardous Decomposition Products
Oxides of Carbon

SECTION 11 - TOXICOLOGICAL INFORMATION

Acute toxicity

Exposure to solvent vapor concentrations from the component solvents in excess of the stated occupational exposure limits may result in adverse health effects such as mucous membrane and respiratory system irritation and adverse effects on the kidneys, liver and central nervous system. Symptoms include headache, nausea, dizziness, fatigue, muscular weakness, drowsiness and in extreme cases, loss of consciousness.

Repeated or prolonged contact with the preparation may cause removal of natural fat from the skin resulting in dryness, irritation and possible non-allergic contact dermatitis. Solvents may also be absorbed through the skin. Splashes of liquid in the eyes may cause irritation and soreness with possible reversible damage.

12.2 Persistence and Degradability
There is no data available on the preparation itself.

12.3 Bioaccumulative Potential
Not Measured
12.4 Mobility in Soil

No data available.

12.5 Results of PBT and vPvB assessment

This product contains no PBT/vPvB chemicals.

12.6 Other Adverse Effects

No data available

SECTION 13 – DISPOSAL CONSIDERATIONS

13.1 Waste Treatment Methods

Dispose of in accordance with local waste regulations.
Do not release into drains or waterways.

SECTION 14 – TRANSPORT INFORMATION

Classified as a Dangerous Good according to the Australian Code for Transport of Dangerous Goods by Road and Rail.

14.1 UN Number
UN1993

14.2 UN Proper Shipping Name
UN1993, Flammable liquids, n.o.s., (Hexamethyldisiloxane), 3, II

14.3 Transport Hazard Class
3

14.4 Packing Group
II

14.5 Environmental Hazard
IMDG
Marine Pollutant: Yes (Disiloxane, hexamethyl-)

14.6 Special Precautions for User
No further information

Hazchem Code
3YE
SECTION 15 – REGULATORY INFORMATION

This product is registered as a medical device in Australia.

Poison Schedule Not a Scheduled Poison.

SECTION 16 – OTHER INFORMATION

The full text of the phrases appearing in section 3 is: H225 Highly flammable liquid and vapor.

This is the first version in the GHS SDS format. Listings of changes from previous versions in other formats are not applicable.

The information and recommendations contained herein are based upon data believed to be correct and in accordance with the requirements of the Work Health and Safety Regulations. However, no guarantee or warranty of any kind, expressed or implied, is made with respect to the information contained herein. This information is provided specifically in order to assist users of the product to make their assessment of health risks. Provision of this information does not preclude users from seeking advice from other sources. It is the user’s responsibility to satisfy itself that the product is suitable for the intended use.

Customers/users of this product must comply with all applicable health and safety laws, regulations, and orders. The information is intended to cover potential hazards at the place of work and does not detail medical uses, indications, contraindications and precautions for the treatment of the patient.
