SAFETY DATA SHEET

SKIN PREP PROTECTIVE WIPES

SECTION 1 – IDENTIFICATION OF THE MATERIAL AND SUPPLIER

1.1 Product Identifier
Product Identity: Skin Prep Protective Wipes
Alternate Names: Skin Prep Wipes Sterile
Manufacturer’s Product Code: 420400

1.2 Relevant Identified Uses of the Substance or Mixture and Uses Advised Against
Identified Use: Protective barrier wipe which leaves a flexible film barrier (a barrier between skin and tape, helps tape & film adhesion). For external use only.

1.3 Details of the Supplier of the Safety Data Sheet
Company Name: Smith & Nephew Pty Limited
Address: 85 Waterloo Road, North Ryde, NSW 2113
Telephone No.: Customer Service: (02) 9857 3999
Toll Free (Australia): 13 13 60
Toll Free (New Zealand): 0800 807 663
Emergency Tel. Nos.: 02) 9857 3999 (business hours)

SECTION 2 – HAZARDS IDENTIFICATION

2.1 Classification of the Substance or Mixture
Flam. Liq. 2;H225: Highly Flammable liquid and vapor.
Eye Irrit. 2;H319: Causes serious eye irritation.
STOT SE 3;H336: May cause drowsiness or dizziness.

2.2 Label Elements
Exempted from workplace labelling as this product is labelled in accordance with Therapeutic Goods Administration (TGA) requirements and is in a form and package intended for intake or administration to a patient or consumers, or intended for use for therapeutic purposes.
Pictogram:

Signal Word: Danger

Safety Statements:
H225 Highly flammable liquid and vapor.
H319 Causes serious eye irritation.
H336 May cause drowsiness and dizziness.

Precautionary Statements:
[Prevention]:
P210 Keep away from heat / sparks / open flames / hot surfaces - No smoking.
P233 Keep container tightly closed.
P261 Avoid breathing dust / fume / gas / mist / vapors / spray.
P264 Wash thoroughly after handling.
P271 Use only outdoors or in a well-ventilated area.
P280 Wear protective gloves / eye protection / face protection.

[Response]:
P305+351+338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing.
P337+313 If eye irritation persists: Get medical advice / attention.
P370+378 In case of fire: Use extinguishing media listed in section 5 of SDS for extinction.

[Storage]:
P403+233 Store in a well ventilated place. Keep cool.

[Disposal]:
P501 Dispose of contents / container in accordance with local / national regulations.

SECTION 3 – COMPOSITION / INFORMATION ON INGREDIENTS

Substance / Mixture: Mixture
SECTION 4 – FIRST AID MEASURES

4.1 Description of First Aid Measures

General
In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

Inhalation
Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

Eyes
Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

Skin
No first aid should be needed.

Ingestion
Do not induce vomiting. Contact the poison control center or a physician immediately for instructions.

4.2 Most Important Symptoms and Effects, both Acute and Delayed

Acute Effects

Inhalation: Exposure to high air concentrations may cause mild irritation to nose and throat. Drowsiness, headache, and mild narcosis can occur from inhalation.

Eye: Exposure to high air concentrations may cause mild irritation to eyes.

Ingestion: Ingestion may cause drowsiness, burning of the gastrointestinal tract, and death. Ingestion may cause gastrointestinal pain, cramps, nausea and vomiting.

Medical Conditions Aggravated by Long-Term Exposure:
Pre-existing eye, skin and respiratory disorders may be aggravated by exposure to this product. Impaired function from pre-existing disorders may be aggravated by exposure to this product.

Exposure to solvent vapor concentrations from the component solvents in excess of the stated occupational exposure limits may result in adverse health effects.

The full texts of the phrases are shown in Section 16.
such as mucous membrane and respiratory system irritation and adverse effects on the kidneys, liver and central nervous system. Symptoms include headache, nausea, dizziness, fatigue, muscular weakness, drowsiness and in extreme cases, loss of consciousness.

Repeated or prolonged contact with the preparation may cause removal of natural fat from the skin resulting in dryness, irritation and possible non-allergic contact dermatitis. Solvents may also be absorbed through the skin. Splashes of liquid in the eyes may cause irritation and soreness with possible reversible damage.

SECTION 5 – FIRE FIGHTING MEASURES

5.1 Extinguishing Media
Carbon dioxide, dry chemical, alcohol foam

5.2 Special Hazards Arising from the Substance or Mixture
Hazardous decomposition: Oxides of Carbon
Keep away from heat / sparks / open flames / hot surfaces - No smoking.
Keep cool.
Avoid breathing dust / fume / gas / mist / vapors / spray.

5.3 Advice for Fire-Fighters
Vapors are heavier than air and may travel along the ground to some distant source of ignition and flash back.
Wear self-contained breathing apparatus and protective clothing. Do not release runoff from fire control methods to sewers or waterways.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

6.1 Personal Precautions, Protective Equipment and Emergency Procedures
Put on appropriate personal protective equipment (see section 8).
Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet.
Promptly remove soiled clothing and wash thoroughly before reuse.
6.2 Environmental Precautions
Do not allow spills to enter drains or waterways.

6.3 Methods and Material for Containment and Cleaning Up
Mop or wipe up small spills. Ventilate area. Remove all sources of heat and ignition. Absorb with sand or vermiculite. Ventilate area to dissipate vapors.

SECTION 7 – HANDLING AND STORAGE

7.1 Precautions for Safe Handling
Do not use with electrocautery procedures.
See section 2 for further details. - [Prevention]:

7.2 Conditions for Safe Storage, Including Any Incompatibilities
Handle containers carefully to prevent damage and spillage.
Incompatible materials: Strong oxidizing agents
Store in a cool (≤ 25°C), dry, well-ventilated area away from strong oxidizing agents, sources of heat, sparks, and open flames.
See section 2 for further details. - [Storage]:

7.3 Specific End Use(s)
No data available

8.2 Exposure Controls

Respiratory None required for normal use.
Eyes None required for normal use.
Skin None required for normal use.

Engineering Controls
Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:

### SECTION 10 – STABILITY AND REACTIVITY

#### 10.1 Reactivity
Hazardous Polymerization will not occur.

#### 10.2 Chemical Stability
Stable under normal circumstances.

#### 10.3 Possibility of Hazardous Reactions
Carbon monoxide and unidentified organic compounds may be formed during combustion.

#### 10.4 Conditions to Avoid
Avoid excessive heat, open flames and all ignition sources.

#### 10.5 Incompatible Materials
Strong oxidizing agents.
10.6 Hazardous Decomposition Products
Oxides of Carbon

SECTION 11 - TOXICOLOGICAL INFORMATION

Acute toxicity

Exposure to solvent vapor concentrations from the component solvents in excess of the stated occupational exposure limits may result in adverse health effects such as mucous membrane and respiratory system irritation and adverse effects on the kidneys, liver and central nervous system. Symptoms include headache, nausea, dizziness, fatigue, muscular weakness, drowsiness and in extreme cases, loss of consciousness. Repeated or prolonged contact with the preparation may cause removal of natural fat from the skin resulting in dryness, irritation and possible non-allergic contact dermatitis. Solvents may also be absorbed through the skin. Splashes of liquid in the eyes may cause irritation and soreness with possible reversible damage.

Note: When no route specific LD50 data is available for an acute toxin, the converted acute toxicity point estimate was used in the calculation of the product’s ATE (Acute Toxicity Estimate).
SAFETY DATA SHEET

SKIN PREP PROTECTIVE WIPES

SECTION 12 – ECOLOGICAL INFORMATION

12.1 Toxicity

The preparation has been assessed following the conventional method of the Dangerous Preparations Directive 1999/45/EC and GHS and is not classified as dangerous for the environment, but contains substance(s) dangerous for the environment. See section 3 for details.

12.2 Persistence and Degradability

There is no data available on the preparation itself.

12.3 Bioaccumulative Potential

Not Measured
12.4 Mobility in Soil

No data available.

12.5 Results of PBT and vPvB assessment

This product contains no PBT/vPvB chemicals.

12.6 Other Adverse Effects

No data available

SECTION 13 – DISPOSAL CONSIDERATIONS

13.1 Waste Treatment Methods

Dispose of in accordance with local waste regulations. Where several wipes have been opened and used, place in a sealed, labelled container for later disposal. May be incinerated in an approved facility. May be left to evaporate in a controlled place with no ignition sources. Used wipes may be required to be disposed of in accordance with the local authority’s infectious waste requirements.

## SECTION 15 – REGULATORY INFORMATION

This product is registered as a medical device in Australia.

Poison Schedule Not a Scheduled Poison.

## SECTION 16 – OTHER INFORMATION

The full text of the phrases appearing in section 3 is:

H225 Highly flammable liquid and vapor.
H319 Causes serious eye irritation.
H336 May cause drowsiness and dizziness.

This is the first version in the GHS SDS format. Listings of changes from previous versions in other formats are not applicable.

The information and recommendations contained herein are based upon data believed to be correct and in accordance with the requirements of the Work Health and Safety Regulations. However, no guarantee or warranty of any kind, expressed or implied, is made with respect to the information contained herein. This information is provided specifically in order to assist users of the product to make their assessment of health risks. Provision of this information does not preclude users from seeking advice from other sources. It is the user’s responsibility to satisfy itself that the product is suitable for the intended use. Customers/users of this product must comply with all applicable health and safety laws, regulations, and orders. The information is intended to cover potential hazards at the place of work and does not detail medical uses, indications, contraindications and precautions for the treatment of the patient.
