Advanced Shoulder Arthroscopy Instructional Course

Preliminary Programme

Invited Chairman: Pol Huijesman, Netherlands
Expert Connect Centre, Croxley Park, UK
7-8 June, 2018
**Description**

From soft tissue removal and repair through to managing bone loss of the glenoid, the Smith & Nephew Advanced Shoulder Arthroscopy programme blends classroom learning with case discussion and hands-on experience in a state of the art facility.

This course has been specifically designed to address the more challenging aspects of arthroscopic repair.

Participants will hear lectures on current concepts, be encouraged to engage in debate, and perform advanced techniques in the wet lab. Participants can expect to leave the course with fresh ideas to take back to the operating room.

**Chairman**

Pol Huijesman, Netherlands

**Invited Faculty**

Miguel Garcia Navlet, Spain

Roderich Heikenfeld, Germany

Jean Grimberg, France
Learning objectives

By attending this course, participants will be able to:

- Explain the latest thinking in arthroscopic shoulder surgery.
- Demonstrate practical arthroscopic advanced rotator cuff repair and stabilisation techniques.
- Outline the treatment options available for patients with massive and “irreparable” rotator cuff tears.
- Outline the treatment options available for managing bone loss.
- Evaluate different treatment options for patients with complex shoulder conditions.

Participant profile

- Experienced shoulder surgeons who are currently performing a high number of arthroscopic procedures including rotator cuff repair and shoulder stabilisation.
- Participants should be interested in more complex shoulder repair concepts, including managing bone loss.
- The course will be conducted in English so it is essential participants have a good understanding of the language.
Examples of products used in this course

Rotator Cuff Repair

HEALICOIL® with ULTRATAPE®
MULTIFIX® S
FIRSTPASS® ST

Instability Repair

SUTUREFIX™ ULTRA
ACCU-PASS™

The Smith & Nephew shoulder repair portfolio contains a wide choice of implants, suture types and suture-passing devices to meet the needs of you and your patients. Please ask your local representative for more information.
**Thursday, 7 June**

*Up to 12.30  Individual arrival & lunch*

**Expert Connect Centre (ECC), Croxley Park, Watford**
