

### Disclaimer

The information contained on this website is provided for informational and educational purposes only and is not intended to serve as medical advice, nor endorse any named institution or author. The information on this website is intended for healthcare professionals only.

Smith+Nephew is a medical device manufacturer and does not provide medical advice. It is the responsibility of healthcare professionals to determine and utilize the appropriate products and techniques, according to their own clinical judgment, for each of their individual patients. Clinical decisions should only be made by healthcare professionals. Any procedures or therapies described on the website should only be performed by certified and trained medical professionals. The information that is provided on the website is not intended to replace a healthcare professional's decisions, assessments, guidance, or judgment.

The website may contain information on Smith+Nephew products, educational content, and/or demonstrate certain techniques used by authors and medical professionals. The views and opinions expressed by an author or medical professional may not reflect the opinion or guidelines for clinical care of any other person, institution, scientific association, or product manufacturer, including Smith+Nephew. For more information on the application of any products referenced on the website, as well as indications for use, contraindications, and product safety information, please consult the applicable Instructions for Use (IFU) for such product.

The information contained on this website may not be appropriate for all countries and/or jurisdictions. Smith+Nephew products may not be available or authorized for distribution in all markets. Please contact your Smith+Nephew representative if you have questions about the availability of Smith+Nephew products in your area.
